OPEN CALL MULTITUD Community Dance Project
16 to 26 May 2022 Greifswald / 27 May Stralsund / 28 May Schwerin

We are looking for 70 people aged between 14 and 99 to develop the open-air performance MULTITUD in Greifswald together with the Uruguayan choreographer Tamara Cubas. Together we occupy the market places of Greifswald, Stralsund and Schwerin with dance and movement and set a powerful sign of solidarity. MULTITUD is a socio-aesthetic experiment with a political character that explores the relationships between the private and the public, between arts and society as well as the connections between the "I" and the "other" through dance. The 10-day intensive workshop with Tamara Cubas will take place in Greifswald. The premiere on 26 May takes place during the newly established Tanzfusionen festival. Afterwards, we will also present MULTITUD in Stralsund and Schwerin.
